

## IVS 300 KIDS GPS Watch Setup: How to install

1. Using the screwdriver to unscrew four screws

2. Open the battery

3. Open the cell phone's card slot

4. Open the metal buckle

5. Put into a SIM card

6. Press down the metal buckle

### Does ivs smart kid watch need a sim?

Yes. The IVS Smart Kid watch needs a micro sim to work. Any 2G/3G/4G sim card will work.

**Supported Carrier:** We have tested with Airtel, Idea and Vodafone 4G / 3G /2G SIM.

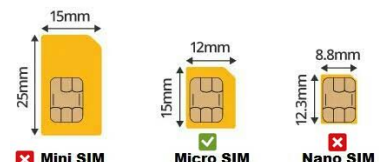

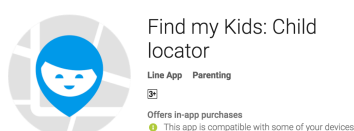

**Not Supported:** Reliance Jio 4G is not supported as IVS Smart Kid watch does not support VOLTE. Works like a 2G mobile phone. Please make sure the SIM card you buy will work on a 2G device
